Currently Under Construction... Car wash renovation in Allentown, PA

After numerous projects with Shammy Shine Car Wash, here is what the owner had to say about his experience with CMGC...

“Charlie completed every job for me on time and within budget. He understands the cost of not being open for business... It’s important for me to have someone in control that I can trust.

Charlie Mann does an incredible job for his clients.”

-Craig Stem... Shammy Shine Car Washes
